Boarding brings many cats from different places into one area. If your cat is positive for parasites he/she will be treated at the owner's expense. If your pet develops any illness while in our care, Affectionately Cats has permission to treat and bill accordingly. The following are prerequisites that your cat needs to enter the boarding facility: Up to date on Rabies, Distemper, FeLV, FeLV/FIV tested negative, and a current fecal exam. Your cat will be treated and billed accordingly if he/she is not current on the above. By signing below, you agree with the above information.
